## From the Principal

### School overview

Bundaberg North State School, officially opened in 1875, is situated on the northern side of the Burnett River, 3km from the City Centre. The school caters for students from Prep to Year 6 and is set on a spacious landscaped 6-hectare site bounded on two sides by the main highway and on the other two sides by the city's Botanic Gardens. Support for the school by the community and the P&C Association is strong. Parent involvement in a range of activities greatly enhances educational outcomes. There are currently 14 classroom teachers, a teacher-librarian, support teachers literacy/numeracy, special education teachers and specialist teachers for music, physical education and LOTE(Japanese). Instrumental music teachers (brass/woodwind and strings), a behaviour management teacher, speech language pathologist and a number of advisory teachers visit the school. The principal, deputy principal, HOC, HOSES, guidance officer, business service managers, administrative officer, school chaplain, schools officer grounds and facilities, teacher aides and cleaning staff ensure the smooth function of the school. Many classes are arranged into single year-level groupings with some composite classes due to year-level numbers. Our teachers use a range and balance of teaching methods from direct instruction and modelling, to independent and cooperative learning, that incorporates Effective Questioning and Higher Order Thinking. The Learning Areas studied are English, Maths, Science, Health and Physical Education, Humanities and Social Science (HASS), The Arts (including music), Technology and LOTE(Japanese for Yrs 5&6). Teachers follow the unit intent and adapt and adopt resources accordingly from C2C to suit their class context. The school has benefited from the addition of a Success Coach for the last 3 years. The Success Coach has supported teachers with training, mentoring and coaching. Our school is the North Cluster hub school for students with disabilities. In 2011 the school introduced the Education Queensland School-Wide Positive Behaviour Support Program (SWPBS). Significant work has gone into establishing the program including creating a common set of school rules, reviewing the reward system, establishing a band system for rewards; creating fortnightly lessons; reward days based on the new band system; fortnightly discussion (and video) on parade and introduced two mascots. The physical environment of the school consists of a mix of older and more recent buildings that are well maintained, as well as new buildings that were constructed as part of the Federal Government's Building the Education Revolution program. The landscaped outdoor areas and covered play areas provide an aesthetically pleasing atmosphere. North's air-conditioned classrooms provide a pleasant physical learning environment for students, which contributes towards enhanced student learning outcomes. North's Resource Centre, opened in 2010, is very well resourced with a large range of books, a computerised borrowing system, networked computers, and interactive whiteboards. Learning technology continues to be a major focus area. Our air-conditioned Computer Lab has 32 computers that have curriculum network and Internet access. The school presently has more than 100 curriculum computers. All classrooms have interactive whiteboards and a number of computers that children can access on a daily basis. All computers are connected to the curriculum network and have Internet access. Outdoor facilities include a covered multi-purpose court accommodating a number of sports, as well as an open tennis court and a basketball court. Two ovals accommodate a large variety of sports, while three adventure playgrounds, an upper-year-level fitness circuit, and a covered sandpit cater for students of all ages. Our multi-purpose hall was completed in July 2003, and is used extensively for a wide variety of school activities and also by community groups. Our school continues to have strong links with Bundaberg North High School, and an excellent transition program occurs for our Yr 6 students. We also host many students from CQ University training to be teachers.

## Characteristics of the student body

### Student enrolments

Table 1: Student enrolments at this school

Enrolment category	2017	2018	2019
Total	370	351	333
Girls	180	171	156
Boys	190	180	177
Indigenous	58	47	52
Enrolment continuity (Feb. – Nov.)	90%	91%	90%

Notes:

1. Student counts are based on the Census (August) enrolment collection.
2. Indigenous refers to Aboriginal and Torres Strait Islander people of Australia.
3. [pre-Prep](#) is a kindergarten program for Aboriginal and Torres Strait Islander children, living in 35 Aboriginal and Torres Strait Islander communities, in the year before school.

In 2019, there were no students enrolled in a pre-Prep program.

### Average class sizes

Table 2: Average class size information for each phase of schooling

Phase of schooling	2017	2018	2019
Prep – Year 3	23	23	23
Year 4 – Year 6	26	28	25
Year 7 – Year 10			
Year 11 – Year 12			

Note:

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

## Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

### Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

### How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

## Social climate

### Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

## Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

## Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

## School disciplinary absences

Table 6: Count of incidents for students recommended for school disciplinary absences at this school

Type of school disciplinary absence	2017	2018	2019
Short suspensions – 1 to 10 days	21	21	14
Long suspensions – 11 to 20 days	0	1	2
Exclusions	0	0	0
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

## Environmental footprint

### Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	92,322	141,472	143,890
Water (kL)	1,099	2,034	1,257

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool\* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

\*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.
